AERIS | 88313 | 88314

Aeris brings a light, effortless presence to rooms where clean design and close-to-ceiling performance matter. This hugger fan pairs a compact AC motor housing with three sweeping ABS blades for smooth, efficient airflow in a refined low-profile form. Available with or without an integrated light kit, the design adapts easily to different room needs. Choose Matte White, Satin Nickel or Polished Chrome finishes with transparent Clear blades for a more modern, floating effect. A hardwired 3-wire wall switch controls fan speed and light dimming when applicable.
