

ASSEMBLY INSTRUCTIONS

1. Carefully unpack and identify all parts referring to illustration for parts identification.
2. Turn the power to the installation point OFF.
3. Feed the wires through the canopy. Adjust to desired length using the A1 deduction and secure with screws.
4. Refer to the additional installation instructions included with the product for wiring and installation.
5. Connect the wires as illustrated in Fig.1.
6. Install proper bulbs (not included) into each socket referring to the markings and/or labels on the fixture for maximum wattage.
7. Install the shade (4) onto the cup (5).
8. Restore power to the installation point and retain this sheet for future reference.
