CLADDON

7671.39-MB

Sonneman

The swooping ribbon frame of the Claddon chandelier leads you on a visual voyage as it rises and falls. Finished in Modern Brass, three gracefully curved segments feature seamlessly integrated illumination along their interior, casting a soft, expansive glow upward while accentuating the fixture's sculptural form and architectural presence. Available in small and large sizes, Claddon transcends overhead lighting to become a luminous work of art.
